

**Caroline Savings Day
Opens Thursday September 13, 2018 !**

**Your student can learn hands-on money management skills !
--> Savings Day is Every Thursday Morning <--**

To develop a savings habit, all you need is 1 penny a week - Habits like this can be valuable! Caroline Elementary provides an easy, hands-on way for your child to learn money management - starting with their own real Savings account.

Alternatives Federal Credit Union partners with each ICSD school to provide deposit stations, which are run entirely by volunteer parents! Students can learn to save by opening their own Alternatives account and making deposits every Thursday morning directly from Caroline Elementary! (7:30 - 8 am just before classes). All savings accounts are real and good for a lifetime.

Please email Adriana (see below)

***** Request for Savings Account Application *****

YES! I want to become a saver, please send home an application.

Student _____ Teacher _____ Grade _____

***** We need more Parent Tellers !! *****

Parent volunteer tellers are the backbone of Student Savings Program. This is easy teamwork for a great cause. Being a Volunteer Teller involves:

- No previous experience (at all).
- A commitment to a 1/2 hour time slot (from 7:30-8 am) every other Thursday morning at Caroline School (your kids can participate with you right before class)!

Yes, I'm interested in being a Parent Teller for the Caroline Student Savings Program.
